# INDEX

**Note—Illustrated articles are marked with an (*) asterisk, abstracts with an (A), communication with a (C), editorials with an (E), paragraphs with a (P), and news items with an (N).**

## A

A new problem in steel corrosion *379
A promising outlook (E) 295
A reverse launching. Lieut. Carleton Shugg *321
A standard port safety code (E) 578
A time for action (E) 127
Acetylene generator, Large capacity: Oxweld Acetylene Company *547
A.E.G.-Hesselman Diesel engine. Our London Correspondent *36
"Aeroboard" motorboat breaks record: B. F. Goodrich Rubber Company 594
Agamemnon and Mount Vernon (E) 4
Agreement at last (E) 1
Air compressor on M. S. Childar, Repairing main engine. R. P. Morgan *370
Air filter: Staynew Filter Corporation *552
Air force and naval armament (E) 296
Aircraft, The American Bureau of 441
Airless injection, Double acting engine. Our London Correspondent *326
Airplane carrier Lexington (E) 128
Airplane carrier Lexington makes record speed 386
Airplane carrier Saratoga (photograph) *69
Airplane carriers and notes on the Saratoga and Lexington, Design of. Rear Admiral G. H. Rock 665
Airplane carriers Saratoga and Lexington prove efficiency in service *493
Airplane service, Detroit & Cleveland Navigation Company to operate (N) 462
Alcyone, Auxiliary schooner yacht *279
Allen, Jean M.: Pipe line dredge Natchez *313
Aloha, Diesel electric yacht 280
Aluminum alloy developed: Sheet Aluminum Corporation 505
America, Additional improvements on steamship (N) 122
America, Passenger steamship. Carl E. Petersen *193
American Bureau of Aircraft 441
American Engineering Company: Windlass drive utilizes magnetic clutches *276
American Hammered Piston Ring Company: Arico grinding compound 27
American seamen (P) 529
American Shipbuilding Company's annual report (N) 629
American shipbuilding, Current (P) 493
American shipbuilding for 1927 10
Anchor windlass, Tests of an. Commander Q. B. Newman *659
Apexior coatings for boiler tubes: Dampney Company of America *610
Application of electricity on board ship increasing. W. B. Basset 205
Arc-welded crane: Cleveland Crane & Engineering Company *478
Arc welding, Future of (N) 407
Arico grinding compound: American Hammered Piston Ring Company 27
Armament and air force, Naval (E) 296
Arucas, Passenger and freight steamship (A) 117
Asphalt paint developed, New form of 430
Astra III, Tank steamer *317
Atlantic coast safety committee formed (N) *183
Atlantic Works sold 452
Augustus, Trial trip of motorship. Our Special London Correspondent 27
Automobile ferry service to Key West *282
Automobiles shipped uncrated (P) 117
Auxiliary unit for dredge: Hill Diesel Engine Company *162
Award of Miller medal, Conditions revised for (N) 406

## B

Baarn and Booskop, Freighters (A) 117
Back pressure valves, A method of improving. Lt.-Comdr. C. J. Oden'hal *261
Bad feed water in high-pressure express boilers. Captain H. C. Dinger (C) 399
Baker, G. S.: Experiments on the propulsion of a single-screw ship model *559
Balancing turbines, The importance of properly. Earle S. Nason *389
Baldt Anchor Chain & Forge Corporation: Detachable link *617
Baldwin landing dry dock, New railway *133
Barge, A fabricated steel *276
Barge, Bids for mat (N) 404
Barge, Federal yard builds all-welded *595
Barge for use in Porto Rico, Ellis channel *535
Barge Line terminal facilities, New Orleans prepared to increase (N) 182
Barge Monarch, Derrick *202
Barge, Pile driver (P) 394
Barge under construction, Welded tanker (N) 237
Barges, Bids for 39 (N) 236
Barges, Bids for three steel (N) 291
Barges built on the Pacific coast, Ellis channel *421
Barges, Contract for 10 steel (N) 122
Barges, Contracts for ninety-two steel (N) 572
Basset, W. B.: Application of electricity on board ship 205
Bath Iron Works re-opens as shipyard *30
Batson, Reginald George Cyril: Materials for high temperatures 550
Battleship awarded trophy, Electric (P) 498
Battleships, Modernization of U. S. Lieut.-Comdr. G. C. Manning *5
Battleships to be modernized, 13 U. S. 215
Bauer-Wach system employed on steamship Boniface 476
Beams, Correction to method for solving (C). John P. Comstock 621
Beams, Method of solving continuous. John P. Comstock *494
Beaverburn, Cargo ship *531
Beekman, R. A.: Diesel electric drive for river boats 381
Bending and loading of ships. J. Foster King *561
Bermuda, Passenger motorship. Our London Correspondent *147
Bid for Diesel-electric ferryboat (N) 235
Bids for conditioning liners Monticello and Mount Vernon (N) 626
Bids for constructing three lightships (N) 574
Bids for construction of Diesel-electric survey ship (N) 404
Bids for construction of S. S. Hydrographer (N) 461
Bids for Diesel engines on eight Shipping Board vessels (N) 517
Bids for 80 pontoons (N) 123
Bids for five barges (N) 347
Bids for four Export liners (N) 689
Bids for harbor patrol boat (N) 628
Bids for hull of dredge Blackwater (N) 404
Bids for lighthouse tender Althea (N) 690
Bids for mat barge construction opened (N) 404
Bids for new mail contracts (N) 403
Bids for N. Y. Central carfloats (N) 123
Bids for New York Central floating equipment (N) 291
Bids for New York Central scow barges and gasoline hoist barges (N) 627
Bids for 39 barges (N) 236
Bids for three quarterboats (N) 689
Bids for three steel barges (N) 291
Bids for two dump scows and clam shell dredge (N) 347
Bids for two New York State ferryboats (N) 626
Bids for two Night Line boats (N) 687
Bids on small steamer construction (N) 572
Biles, Sir John H.: Present position of the question of fuel for ships *371
Bilge keels, Welded 370
Bills of lading, Hague rules for uniform ocean 31
Bish, H. P.: Diesel electric towboat for engineer corps *336
Bitumen gun: Quigley Furnace Specialties Company *105
Blackall, G. P.: Boilers of the S. S. Orford 325
Blackall, G. P.: High-pressure steam generators in British vessel 603
Blade breakage, Westinghouse engineers unravel mysteries of 613
Boiler design, Developments in marine Watertube *596
Boiler improvements (E) 468
Boilers, Bad feed water in high-pressure express. Captain H. C. Dinger (C) 399
Boilers, Burning of hydro-carbons under marine. E. H. Peabody 671
Boilers of the S. S. Orford. G. P. Blackall 325
Boilers, Vibration of oil-fired. Earle S. Nason 214
Boilers: Will they explode when a steamship sinks? Howard Livingston (C) 513
Boniface, Bauer-Wach system employed on steamship 476
Bonus system developed by Scantic line 377
Boring and turning mill: Niles Tool Works Company *319
Boston, Diesel-engined trawler *428
Brazing a cracked cylinder wall. R. R. Vorhees 337
Bremen and Europa launched, German liners (N) 519
Brierly, R. C.: Smoke and flame from fuel oil combustion *17
Britannic, Passenger motorship 480
British building fast cargo liners. Our London Correspondent *431
British turbo-electric liner launched, First *601
Brooklyn Polytechnic Institute offers course on Diesel engines (N) 518
Broshek, Commander J.: Pulverized fuel developments *646, 670
Brown Boveri combined reciprocating engine and turbine drive *437
Brunswick, Diesel-electric tanker. Our London Correspondent *536
Bureau of Aircraft, The American 441
Bureau Veritas booklet (P) 415
Burner, Todd pulverized-coal 448
Burning of hydro-carbons under marine boilers. E. H. Peabody 671
Busch-Sulzer Diesel Engine plant, Work in the (N) 629
Busch-Sulzer high-speed Diesel engines *548

## C

Cable clip: Eureka Metal Products Corporation *505
Cadillac launched, Steamer (N) 237
Caliche, Motor tanker *154
California, Passenger steamship *71
California, The (E) 63
California, Trials of steamship. Roger Williams *676
Canadian Pacific cargo ships, New *531
Capital ship design, Recent trend of U. S. Lieut.-Comdr. G. C. Manning *5
Capital ships, Modernization of, Lt-Comdr. G. C. Manning 215
Capital ships, New. Lieut. Comdr. G. C. Manning 528
Capstaff-Hunter Turbine Works *34
Carfloats, Bids for N. Y. Central (N) 123
Cargo liners, British building fast. Our London Correspondent *431
Cargo motorship City of Lille *431
Cargo motorship Clan Macdonald *434
Cargo motorship Edward F. Farrington, Diesel-electric 332
Cargo motorship Eurybates. Our London Correspondent *203
Cargo motorship Highland Monarch launched *375
Cargo motorship Poelau Laut *271
Cargo motorship Wilscox, Sea trials of *330
Cargo motorship Zealandic 274
Cargo motorships, Diesel electric drive for W. F. Gibbs 281
Cargo motorships, European. Our London Correspondent *271
Cargo of uncrated automobiles *151
Cargo records broken, Great Lakes 16
Cargo ship Beaverburn *53
Cargo ships, New Canadian Pacific *53
Cargo ships, Turbine-electric drive as applied on the Great Lakes. C. R. Fisher and A. Kennedy, Jr. 673, 67
Cargo steamship Watford launched (N) *51
Cargo steamship Westerner has an exceptional record *26
Cargo steamships Baarn and Booskop (A) 11
Cargo steamships Mount Vernon and Monticello, House passes bill to condition (N) 12
Cargo and passenger steamships Arucas and Orotava (A) 11
Central power station goes to sea. Commander Q. B. Newman 67
Centrifuge, A small Diesel: The Sharples Specialty Company *4
Cervantes, Passenger motorship *1
Chagres, Diesel electric tug. Lieut. W. McL. Hague *2
Chagres, Trials of Diesel electric tugboat (N) 1
"Chanson" soft-faced hammer: Illinois Iron & Bolt Company *3
Charleston dry dock, Self-docking a
Chelan launched, Coast Guard cutter 3
Chelan, Turbo-electric Coast Guard cutter. H. C. Coleman *5
Chief engineer appointments for Great Lakes companies (N) 3

Original from UNIVERSITY OF MICHIGAN

Chief engineers appointed for the Interlake fleet (N) 183
Chief engineers for Pittsburgh Steamship Company vessels (N) 182
Childar, $21,000 demurrage charges saved on. R. P. Morgan *370
Christiaan Huygens, Passenger motor ship *165
City of Lille, Motor cargo liner *431
Clan Macdonald, Cargo motorship *434
Clark, Robert W.: Diesel electric drive for yachts *279
Classification and safety of ships. Captain Charles A. McAllister 615
Cleco chipping hammer: Cleveland Pneumatic Tool Company *320
Cleveland Crane & Engineering Company: Arc-welded crane *478
Cleveland Pneumatic Tool Company: Cleco chipping hammers *320
Coast Guard cutter Chelan launched at Quincy 335
Coast guard cutters, Turbo-electric. H. C. Coleman *591
Coastwise laws (P) 478
Code of sea laws, International (P) 660
Coleman, H. C.: Turbo-electric Coast Guard cutters *591
Collier, Contract for Berwind-White (N) 459
Combined reciprocating and turbine drive, Brown Boveri *437
Combustion, Smoke and flame from fuel oil, R. C. Brierly *17
Commerce in American vessels (P) 565
Comparison of steam and Diesel tug boats (A) 53
Comstock, John P.: Correction to method for solving continuous beams (C) 621
Comstock, John P.: Method of solving continuous beams *494
Condenser tubes (E) 241
Condenser tubes for marine work. Captain H. C. Dinger 553
Congress—A time for action (E) 127
Congress, Shipping bills before 189
Congress, Shipping bills before. Harold F. Lane 9, 131
Congress: The load line bill (E) 241
Congress—Will history repeat itself? (E) 127
Construction loan (P) 280
Construction loan for overseas shipping, First (N) 624
Construction program of Dollar Line now being prepared (N) 403
Conte Grande, Passenger steamship *247
Continuous beams, Method of solving *494
Contract awarded for U. S. Engineer snagboat (N) 403
Contract for all-steel ferryboat (N) 625
Contract for American South African Line motorship (N) 687
Contract for Berwind-White collier (N) 459
Contract for city of Tacoma fireboat (N) 517
Contract for distribution-box boat (N) 460
Contract for dredge Blackwater (N) 460
Contract for ferryboat (N) 291
Contract for five yachts (N) 688
Contract for four Dollar Line steamships (N) 687
Contract for four steel barges (N) 460
Contract for Galveston city fireboat awarded (N) 402
Contract for Grace Line steamship (N) 687
Contract for harbor patrol boat (N) 688
Contract for Inter-Island steamer (N) 625
Contract for New England steamer (N) 625
Contract for New York City ferryboat (N) 515
Contract for New York ferryboat (N) 346
Contract for Norfolk ferryboat (N) 459
Contract for steel hull dredge (N) 688
Contract for tanker (N) 688
Contract for third I. M. M. liner (N) 459
Contract for three lightships (N) 625
Contract for three lightships (N) 233
Contract for three-master schooner yacht (N) 624
Contract for three motorships (N) 573
Contract for three trawlers (N) 346
Contract for six barges awarded (N) 349
Contract for two New York State ferryboats (N) 688
Contracts, Bids for new mail (N) 403
Contracts for four private yachts (N) *515
Contracts for ninety-two steel barges (N) 572
Contracts for seven ocean mail routes awarded (N) 575
Contracts for 16 auxiliary Diesel engines, Shipping Board places (N) 178
Contracts for survey ship Hydrographer (N) 516
Contracts, The mail (E) 355
Controller, Steam operated temperature and pressure: Tagliabue Mfg. Company *224
Convention for the safety of life at sea, 1929 616
Conversion of Government merchant ships (E) 578
Cooke, F. G.: Simple method of determining the stability of vessels *393
Co-operation between deck and engineer officers. George R. Freeman (C) 398
Corrosion (E) 633, 466
Corrosion, A new problem in steel *379
Corrosion in machinery and piping. Captain H. C. Dinger 553
Cost of ship construction, Effect of speed on 551
Costs, Ship (E) 465
Courageous completed, Cargo motorship 655
Course in fuel engineering, University of Pennsylvania offers (N) 407
Course on Diesel engines, The Brooklyn Polytechnic Institute offers (N) 518
Cracked cylinder wall, Brazing a. R .R. Vorhees 337
Cramp marine machine shops resume operation (N) 575
Crandall floating dry dock, Self docking a *7
Crandall railway dry dock *133
Crane, Loadmaster swing: Frederic H. Poor, Inc. *394
Critical speeds, F. McAlister *44, *385
Cross, Albert W.: Developments in shipbuilding on the Great Lakes 664
Cruiser Margo II, Diesel 493
Cummings Machine Works: Averaging revolution counter 100
Cushing, Great Lakes tug (N) 351
Cutler-Hammer Manufacturing Company: Magnetic clutch *276
Cutler-Hammer Manufacturing Company: Manual starter for A. C. motors *311
Cutler-Hammer Manufacturing Company: Watertight door control system *111
Cutty Sark, Schooner rigged yacht *280
Cylinder wall, Brazing a cracked. R. R. Vorhees 337
Cylinders may suffer while idle, Oil engine. O. W. Jennings 383

## D

Damping the rolling of ships. H. Schreck *611
Dampney Company of America: Applying Apexior to boiler tubes *610
De Witt Clinton, Machinery of steamer. Charles J. Mason *557
Dean watertight door control system *111
Deck and engineer officers, Co-operation between. George R. Freeman (C) 398
Demands on material by the modern steam plant (E) 522
Demurrage charges saved on M. S. Childar. R. P. Morgan *370
Derrick barge Monarch *202
Design of airplane carriers and notes on the Saratoga and Lexington. Rear Admiral G. H. Rock 665
Design of flying boat. Captain H. C. Richardson 665
Design, Recent developments in marine water-tube boiler *596
Design, Recent trend of U. S. capital ship. Lieut.-Comdr. G. C. Manning *5
Detachable link, Baldt: Baldt Anchor Chain & Forge Corporation *617
Detroit & Cleveland Navigation Company to operate airplane service (N) 462
Developments in shipbuilding on the Great Lakes. Albert W. Cross 664
Diesel centrifuge, A small: The Sharples Specialty Company *452
Diesel cruiser Margo II 493
Diesel drive for hydraulic dredges. J. L. Geiger *315
Diesel drive vs. turbo-electric in passenger ships. Dr. W. L. R. Emmet 376
Diesel-electric drive for freighters. W. F. Gibbs 281
Diesel-electric drive for river boats. R. A. Beekman 381
Diesel-electric drive for yachts. Robert W. Clark *279
Diesel-electric ferry boats in new service on west coast *21
Diesel-electric freight boat Edward F. Farrington *332
Diesel-electric schooner yacht Elfay 280
Diesel-electric survey ship, Bids for the construction of (N) 404
Diesel-electric tanker Brunswick. Our London Correspondent *536
Diesel-electric towboat for Alabama service *537
Diesel-electric towboat for Warrior river 421
Diesel-electric towboat Tecumseh. H. P. Bish *336
Diesel-electric tug boat Chagres, Sea trials of (N) 125
Diesel-electric tugs Trinidad and Chagres. Lieut. L. McL. Hague *274
Diesel-electric yacht Alcyone *279
Diesel-electric yacht Aloha 280
Diesel-electric yacht Cutty Sark *280
Diesel-electric yacht Valero II 280
Diesel engine, Busch-Sulzer high-speed *548
Diesel engine development in the United States, Marine (N) 293
Diesel engine, German double acting. Our Special London Correspondent *36
Diesel engine, Hesselman double acting. Our London Correspondent *326
Diesel, engine, Light-weight: The Winton Engine Company *590
Diesel engine, M. A. N. double acting. Our London Correspondent *104
Diesel engine, Modern trend of. O. D. Treiber 225
Diesel engine, New High speed (A) 53
Diesel engine, New Winton marine *161
Diesel engine, Powdered-coal 594
Diesel engine, Standard's new small *430
Diesel engine, Tests of two cycle double acting marine. Ernest Nibbs and Stephen A. Gardner *41
Diesel engine, Treiber light weight *544
Diesel engine, V-type, light weight *328
Diesel engine, Vickers-M.A.N. *545
Diesel engines, Course on (N) 518
Diesel engines, Economic field for large. Edward B. Pollister 387
Diesel engines, Economic field for small and medium size. Harlan A. Pratt 387
Diesel engines for the navy. Edward C. Magdeburger *210
Diesel engines on eight Shipping Board vessels,, Bids for (N) 517
Diesel engines, Shipping Board contracts for (N) 624
Diesel engines, Shipping Board places contract for 16 auxiliary (N) 178
Diesel engines, Specialization in manufacturing. O. D. Treiber 389
Diesel fuel oil specifications, G. H. Michler 388
Diesel lighter Douglas Alexander *226
Diesel ships, Vibration and engine balance in. Frank M. Lewis *23
Diesel tanker Sun launched (P) 454
Diesel trawler Boston *428
Diesel tug boats, Comparison of steam and (A) 53
Diesel yacht Nourmahal, Sea-going *443
Dieselization of Standard Oil boats completed 442
Dinger, Captain H. C.: Condenser tubes for marine work 553
Dinger, Captain H. C.: Corrosion in piping and machinery 207
Dinger, Capt. H. C.: Four-day liners (C) 175
Dinger, Captain H. C.: Steam machinery for marine purposes 604
Distance finding: Submarine Signal Corporation *390
Distribution-box boat, Contract for (N) 460
Dixie, Passenger steamship *135
Dixon Crucible Company, Joseph: "Graphite seal." 505
Dock power plant to supply ships and crane 217
Dollar Line construction program now being prepared (N) 403
Dollar Line plans to build 3 liners (N) 403
Douglas Alexander converted to Diesel power, Lighter *226
Draft of Lake vessels recommended, Increased (N) 405
Dredge Blackwater, Contract for (N) 460
Dredge Blackwater hull bids opened (N) 404
Dredge, Contract for steel hull (N) 688
Dredge fuel bill cut $108 a day 374
Dredge Natchez, Pipe line Jean M. Allen *313
Dredge No. 4, New York State hydraulic *492
Dredges, Diesel drive for hydraulic. J. L. Geiger *315
Dry dock at Quebec, New railway 549
Dry dock being towed to Singapore, 50,000-ton floating 509
Dry dock built in Puget Sound, Skansie (N) *59
Dry dock in New York, Largest 378
Dry dock launched, Self-docking floating *565
Dry dock needed in New York harbor, Large (N) 183
Dry dock, New railway *133
Dry dock ordered, Railway (N) 122
Dry dock, Self-docking a floating *7
Dry Docking (E) 186
Duchess of Bedford, Passenger steamship *581
Dunn Painting Machine Company: Paint spraying process *451

## E

Echoes used in mapping oceans 442
Economic field for large Diesel engines. Edward B. Pollister 387
Economic field for small and medium size Diesel engines. Harlan A. Pratt 387
Edward F. Farrington, Diesel electric freight boat *332
Effect of speed on the cost of ship construction 551
Efficiency of steamship Westerner, Operating (E) 240
Efficiency, Operating (E) 240
Efficient propellers (P) 283
Efficiency and economy in the steward departments on passenger vessels. L. Schumacher *499
Electric battleship awarded trophy. (P) 498
Electric cargo boat, Edward F. Farrington, Diesel *332
Electric drive for freighters, Diesel. W. F. Gibbs 281
Electric drive for river boats, Diesel. R. A. Beekman 381
Electric drive for White Star liner 617
Electric drive for yachts, Diesel. R. W. Clark *279
Electric drive in passenger ships, Diesel vs. turbo. Dr. W. L. R. Emmet 376
Electric drive on steamship California *71
Electric-driven liner, Largest (P) 380
Electric ships. Rear Admiral Bradley A. Fiske (Retired) 609
Electric stateroom heaters: Westinghouse Electric & Manufacturing Company *450
Electric towboat for Warrior river, Diesel 421
Electric towboat Tecumseh, Diesel *336
Electric tug Chagres, Diesel. Lieut. L. McL. Hague *274
Electric tug Trinidad, Diesel. Lieut. L. McL. Hague *274
Electrical developments in the marine field during 1927. D. W. Niven 12
Electrical equipment of submarines V-5 and V-6. C. T. Pearce *482
Electrically-operated watertight door control system. Wm. H. Hetherington, Jr. *111
Electrically-propelled steamship California (E) 63

Electricity on board ship, Application of. W. B. Basset 205
Electricity on board ship, Use of. David Gaehr *640
Elfay, Schooner yacht 280
Ellis channel barge for use in Porto Rico *535
Ellis channel barges built on the Pacific coast *421
Ellis channel system of hull construction in wide use (N) 59
Emmet, Dr. W. L. R.: Turbo-electric vs. Diesel drive in passenger ships 376
Engine balance in Diesel ships, Vibration and. Frank M. Lewis *23
Engine, Busch-Sulzer high-speed Diesel *548
Engine development in the United States, Marine Diesel (N) 293
Engine built in 1886 repurchased *505
Engine foundations (E) 3
Engine, Hesselman double acting Diesel. Our London Correspondent *326
Engine, M.A.N. double acting Diesel *104
Engine, Modern trend of Diesel. O. D. Treiber 225
Engine, New German double acting Diesel. Our Special London Correspondent *36
Engine, New high speed Diesel (A) 53
Engine, New type of Still combined steam and oil *203
Engine, New Winton Diesel marine *161
Engine room personnel of the Leviathan 176
Engine, Speed versus power of. Charles J. Mason (C) 399
Engine, Standard's new small Diesel *430
Engine, Tests of two cycle double acting marine Diesel. Ernest Nibbs and Stephen A. Gardner *41
Engine, Treiber light weight Diesel *544
Engine, V-type, light weight Diesel *328
Engine, Vickers-M.A.N. double acting. Our London Correspondent *545
Engineer personnel for Cleveland and Buffalo line (N) 292
Engineer, What constitutes a good. David Gaehr 555
Engineering Index Service now available weekly (N) 407
Engineering progress shown by Waialeale's turbines. I Short *419
Engineers for Columbia Steamship Company (N) 292
Engineers on shipboard, Suggestions for licensed. David Gaehr 449
Engineers, Wilson Transit Company retains fleet (N) 182
Engines, Economic field for large Diesel. Edward B. Pollister 387
Engines, Economic field for small and medium size Diesel. Harlan A. Pratt 387
Engines for the Navy, Diesel. Edward C. Magdeburger *210
Engines, Sextuple expansion 451
Engines, Specialization in manufacturing Diesel. O. D. Treiber 389
Eureka Metal Products Corporation: Cable clip *505
Europa launched, German liner (N) 519
Europa launched, Passenger liner *535
European-Central American services. Our London Correspondent *367
European express cargo liners. Our London Correspondent *271
Eurybates, Cargo motorship. Our London Correspondent *203
Evans, Commander J. S.: Pulverized fuel developments *646, 670
Evaporators, Treatment of feed water for. T. A. Solberg 283
Expanding type piston ring: C. H. Taylor *392
Experiments on the propulsion of a single-screw ship model. G. S. Baker and J. L. Kent *559
Export Line plans pending Shipping Board loan agreement, Issue of (N) 573
Export Line to build four 9,500-ton steamships (N) *345
Express boilers, Bad feed water on high-pressure. Captain H. C. Dinger (C) 399

## F

Fabricated steel barge, A *276
Federal yard builds all-welded barge *595
Feed water for evaporators, Treatment. T. A. Solberg 283
Feed water in high-pressure express boilers, Bad. Captain H. C. Dinger (C) 399
Ferry service to Key West, Automobile *282
Ferry speed increased by disconnecting bow propeller 326
Ferryboat, Bid for Diesel electric (N) 235
Ferryboat, Contract for all-steel (N) 625
Ferryboat, Contract for automobile (N) 122
Ferryboat, Contract for New York (N) 346
Ferryboat, Contract for New York city (N) 515
Ferryboat, Contract for Norfolk (N) 459

## Y

Yacht Alcyone, Auxiliary schooner ..... *279
Yacht Aloha, Diesel electric ..... 280
Yacht, Contract for Diesel (N) ..... 122
Yacht, Contract for three-masted schooner (N) ..... 624
Yacht Cutty Sark, Schooner rigged ..... *280
Yacht Elfay, Schooner ..... 280
Yacht Nourmahal, Sea-going Diesel ..... *443
Yacht Savarona, Motor ..... *263
Yacht Valero II, Diesel electric ..... 280
Yacht Vanda, Twin-screw Diesel ..... *602
Yachts, Diesel electric drive for. Robert W. Clark ..... *279
Yachts, Contracts for four private (N) .... *515
Yachts, Contracts for five motor (N) ..... 688
Yachts, Lloyd's rules for steel ..... 117
Yale & Towne Manufacturing Company: Heavy-duty tractor ..... *452
Yorktown, Passenger steamer ..... *360

## Z

Zealandic, Motorship ..... 274

## PERSONAL

Abell, Sir Westcott .....177, 623
Ackerman, R. B. ..... 458
Adams, Michael F. (obituary) ..... 571
Adams, R. R. ..... 458
Ames, Frank E. ..... 400
Andrews, L. S. .....514, 686
Arkebauer, Jesse O. ..... *344
Armstrong, Capt. Frank W. (obituary) ... 232
Atterbury, George W. ..... 343

Bailey, Charles F. ..... *456
Baker, R. J. ..... 177
Barber, James Wells (obituary) ..... 232
Barker, Joseph ..... 400
Beam, Cecil N. ..... 400
Beck, C. J. ..... *457
Besselievre, Professor, A. C. (obituary) .. 22
Blake, Willard J. (obituary) ..... 514
Bonner, William T. (obituary) ..... 344
Brent, Theodore ..... 119
Broscheck, Commander ..... 343
Bryan, W. Earl ..... 623

Campbell, Ira A. ..... 177
Carrington, Col. Edward C. ..... 232
Carter, Gale H. ..... 177
Chilson, Capt. Willis Edmund (obituary)... 232
Cluverius, Captain Wat Tyler ..... 571
Cochrane, Lieut. Commdr. E. L. ..... 458
Cole, Rear Admiral William C. ..... 571
Colwell, Harry (obituary) ..... 401
Cone, Rear Admiral Hutchinson I. ..... *343
Cornish, Harry J. (obituary) ..... 344
Cottrell, G. W. ..... 458
Cox, Captain O. L. ..... 458
Cox, Sanford S. .....400, 458
Cross, A. W. ..... 514
Crowley, Captain Elmer E. ..... 571
Cunningham, Captain Harold A. ..... 232
Cuno, Dr. Wilhelm ..... 457

Dallzell, Frederick B. ..... 343
Davidson, William J. (obituary) ..... *120
Davis, Frank B. (obituary) ..... 120
Davison, Asa F. ..... 456
Dawson, Kenneth D. ..... 571
Deming, Captain David D. (obituary) .... 55
Denton, Albert H. ..... *22
Donar, Austin ..... 686
Dorry, Captain John E. ..... 623
Dorward, Joseph E. ..... 119
Dowd, John ..... 343
Dromgool, P. J. ..... 120
Duff, Edwin H. ..... 177
Duff, S. E. ..... 54
Durr, Jr., John J. ..... 232

Earl, Jr., George J. ..... 288
Edmonds, George W. ..... 232
Ehnes, Joseph A. ..... 344
Enfer, E. P. .....400, 458
Evans, Commander J. S. ..... 343

Ferguson, Homer L. ..... 288
Ferguson, William B. ..... 636
Fisher, Howard ..... 55
Forbes, Theodore Weems ..... 571
Francombe, John A. (obituary) ..... 232
Frazier, Jr., W. ..... 343
French, J. E. ..... 232
Frick, H. E. ..... 456
Frisbie, J. B. ..... 55

Gade, J. S. ..... 623
Galvin, John F. ..... *514
Gardner, A. ..... 119
Gardner, Jr., J. E. ..... 232
Gelhaus, Henry F. ..... 623
Gerhauser, W. H. ..... *458
Goddard, Arthur E. ..... 458
Goulder, Harvey Danforth (obituary) ..... 401
Green, Walter I. ..... 458
Grening, Capt. Paul ..... 119
Groundwater, William ..... 400
Grymes, Mason F. ..... 55

Hague, Robert L. ..... 400
Halpin, Joseph T. (obituary) ..... 120
Hanlon, Michael J. ..... 456
Hardin, W. J. ..... 400
Harnett, B. A. ..... 686
Harney, Captain George W. (obituary) ..... 120
Harper, C. A. ..... 120
Hartley, Commodore Herbert ..... *120
Healey, Thomas B. (obituary) ..... 344
Heath, Major Perry F. ..... 400
Heble, Jr., Amos S. ..... 458
Hecht, Rudolph S. ..... 343
Heppenheimer, General William C. ..... 514
Herbermann, Henry ..... 400
Herdelin, Nils R. ..... 343
Holton, J. S. W. ..... 343
Holzwarth, Hans ..... 55
Hooper, Fred A. ..... 55
Hovgaard, Professor William ..... *55
Hulme, Captain Arthur V. (obituary) .... 401
Hunter, Henry C. ..... 288

Iley, H. R. ..... 400

Jellison, Captain L. S. ..... 571
Johnson, Emory R. ..... 343
Johnson, Captain Raymond A. ..... 571
Johnson, Warren ..... 400
Jones, J. E. ..... 571

Katzenstein, Martin L. ..... *119
Keene, H. T. ..... 400
Kell, Lieut. Commdr. Claude O. ..... 458
Kelley, Robert Weeks (obituary) ..... 514
Kennedy, William M. ..... 686
Kenny, William F. ..... 571
Kemble, Captain Edmund (obituary) ..... 232
Kent, H. W. ..... 343
Kernan, James T. ..... 343
Klitgaard, C. E. ..... 458

Lambriz, Albert H. ..... 344
Larche, Captain Samuel O. ..... 456
Lawley, George F. (obituary) .....232, 288
Leach, Neal M. ..... 400
Leavitt, Frank M. (obituary) ..... 514
Lederer, Emil ..... *457
Levin, Nat ..... 623
Lewis, Harmon ..... 571
Lewis, John F. ..... 343
Lewton, Captain Theodore G. ..... 623
Linfield, Roland ..... 400
Lord, Chester B. ..... 686
Luckenbach, J. Lewis ..... 458
Lyons, Captain Charles ..... 623

# QUESTIONS AND ANSWERS

## A

A propulsion problem ..... 395
Advantages of fuel oil ..... 395
Advantages of the triple expansion engine .. 285
After cofferdam in tanker is a ballast compartment ..... 117
Air chamber ..... 47
Air compressors, Precautions to be observed in operating ..... 567
Air compressor, Westinghouse ..... 567
Air pump bucket, Clearance above ..... 338
Air separator ..... 619
Amount of lubricating oil for engines ..... 115
Amount of water required to condense a pound of steam ..... 511
Appendages, Displacement of ..... 455
Application of usual formulas for torsional stress to non-circular beams and shafts. 397
Area of irregular tanks, Surface ..... 116
Area of pump pistons ..... 284
Area of safety valves ..... 172
Average net piston pressure ..... 114

## B

Babbitt, Use of scrap for re-babbitting ..... 47
Back pressure of turbine exhaust ..... 339
Balsa wood filling in cruiser rudders ..... 455
Beading and flaring ..... 454
Bearing, Hot ..... 114
Bearing, Kingsbury thrust ..... 618
Bearings, Operation of thrust ..... 510
Bearings, Re-babbiting ..... 228
Bilge blocks in dry docking tugs, Use of 117
Blade clearances in turbines ..... 511
Blades, Stripping of turbine ..... 510
Blades, Turbine ..... 618
Blading, Erosion of turbine ..... 173
Blow-off valves ..... 173
Boiler brickwork, Care of ..... 395
Boiler, Bursting pressure of ..... 510
Boiler feed, Failure of ..... 48
Boiler, Firing an oil-fired ..... 683
Boiler fittings, Donkey ..... 396
Boiler fuel oil used as Diesel fuel ..... 453
Boiler, Heating surface of a Scotch ..... 48
Boiler, Internal inspection of a ..... 228
Boiler, Laying up a ..... 339
Boiler, Lighting an oil burner in a cold ..... 47
Boiler, Low water in a ..... 683
Boiler stresses ..... 47
Boiler tubes, Size of ..... 395
Boiler, Welding a corroded ..... 228
Boiler zincs ..... 453
Boilers, firetube vs. watertube ..... 339
Boilers, Steam space in Scotch ..... 453
Boilers, Why air should be kept out of .... 173
Boilers, Will they explode when ship sinks? 339
Bolts, Taper ..... 47
Breaking of propeller shaft ..... 396
Brickwork, Care of boiler ..... 395
Bucket, Clearance above air pump ..... 338
Burning boiler fuel oil in Diesel engines ... 453
Bursting pressure of boiler ..... 510

## C

Calking, Effect of excessive ..... 510
Can a crank pin be trued in place? ..... 395
Can boiler fuel oil be used in Diesel engines? 453
Capacity of cylindrical tank ..... 114
Carbon in oil-fired furnace, Unburned ..... 339
Carbon in spray nozzle ..... 510
Carbon packing in turbines ..... 511
Care in handling an indicator ..... 453
Care of boiler brickwork ..... 395
Cause of jumping of polarities of dynamo ... 340
Causes of loss of vacuum ..... 511
Check valves, How to fit ..... 396
Chemical symbols ..... 684
Clearance above air pump bucket ..... 338
Clearance, Crank pin ..... 114
Clearance of solid piston ring ..... 228
Clearance, Tip ..... 567
Cofferdam in tanker is a ballast compartment, After ..... 117
Combustion chambers ..... 395
Combustion, High furnace temperature aids... 395
Compression, Function of engine ..... 284
Compressor, Cooling a hot ..... 396
Condenser cleaning ..... 683
Condenser fittings ..... 567
Condenser, Fittings attached to surface ..... 284
Condenser, Galvanic action in a ..... 453
Condenser, Jet vs. surface ..... 173
Condenser temperatures, Regulating ..... 284
Condenser tubes, Effect of grease on ..... 173
Condenser tubes, End play for ..... 285
Condensers, Preventing galvanic action in .. 338
Condensing a pound of steam, Amount of water required in ..... 511
Constant speed motor, How to shut down a 338
Cooling a hot compressor ..... 396
Corroded boiler, Welding a ..... 228
Corrugated furnace, Material for ..... 454
Corrugated furnaces ..... 510
Coupling between turbine and gear, Flexible 618
Crank pin clearance ..... 114
Crank pin trued in place ..... 395
Crank shaft, Repairing grooved ..... 47
Criticism of a tanker design ..... 620
Cruiser rudders, Balsa wood filling in ..... 455
Cut-off, Effect of changing ..... 228
Cut-off, Regulating the ..... 114
Cycle of operations of a steam engine ..... 285
Cylinder, Knock in high pressure ..... 285
Cylinder lubricants, Diesel engine ..... 47
Cylinder, One-sided wear in ..... 683
Cylinder, Shoulders in a ..... 683
Cylinder stud nuts, Setting up ..... 114
Cylinders, Scored ..... 684
Cylinders, Steam jacketed ..... 338

## D

Davit, Design of hatch ..... *49
Definition of steam and exhaust lap ..... 284
Design, Criticism of a tanker ..... 620
Design, Margins in ship ..... 286
Design of hatch davit ..... *49
Design of the slide valve ..... 284
Detecting short circuits ..... 114
Diesel engine cylinder lubricants ..... 47
Diesel engine, Important points in construction of a ..... 48
Diesel engine piston rings, Gap in ..... 230
Diesel engine, Procedure in starting a..... 396
Diesel engine to ignite, Failure of ..... 395
Diesel engines, Burning boiler fuel oil in .. 453
Diesel engines, Relative merits of crank-case and separate pump scavenging for ..... 512
Diesel engines, Starting ..... 454
Diesel fuel, Can boiler fuel oil be used as? . 453
Diesel fuel oil ..... 453
Diesel vs. steam engines ..... 115
Dimensions of propeller ..... 230
Direct current generator, Starting a ..... 285
Direct vs. indirect slide valve ..... 338
Dismantling a set of gears ..... 566
Displacement of appendages ..... 455
Donkey boiler fittings ..... 396
Double ported slide valve ..... 338
Draft of river boat ..... *568
Driving efficiencies of different hull forms, Method for comparing ..... 286
Dummy piston ..... 619
Duplex pump ..... 339
Duties of an engineer in taking charge of a strange ship ..... 285
Duties of engineer during survey ..... 285
Duties of engineer when accident occurs ... 284
Duty of a governor ..... 229
Duty of the reduction gear ..... 619
Dynamo, Cause of jumping of polarities of .. 340

## E

Eccentric, The .....114, 338, 566
Economy of steam turbine ..... 339
Effect of changing cut-off ..... 228
Effect of excessive calking ..... 510
Effect of steam pressure on size of safety valve ..... 47
Effect of tide or current on waves ..... 116
Effect of vessels passing close together in shallow water ..... *230
Effective pressure on piston ..... 454
Effects of boiler pitting ..... 228
Efficiency of a turbine ..... 510
Efficiency of oil engines ..... 567
Efficiency of shafting ..... 229
Ejector, Stages of an air ..... 618
End play for condenser tubes ..... 285
Engine, Advantages of the triple expansion 285
Engine, Cycle of operations of a steam ..... 285
Engine, Important points in construction of a Diesel ..... 48
Engine piston speed ..... 284
Engine, Procedure in starting a Diesel ..... 396
Engine, Size of ..... 338
Engine, Speed vs. power of ..... 339
Engine, three-cylinder compound ..... 338
Engine to ignite, Failure of Diesel ..... 395
Engineer during survey, Duties of ..... 285
Engineer in taking charge of a strange ship, Duties of an ..... 285
Engineer is responsible, Things for which .. 284
Engineer when accident occurs, Duties of .. 284
Engines, Burning boiler fuel oil in Diesel .. 453
Engines, Diesel vs. steam ..... 115
Engines, Relative merits of crank-case and separate pump scavenging for Diesel .. 512
Engines, Starting Diesel ..... 454
Erosion of turbine blading ..... 173
Evaporation and steam consumption on stern-wheel towboat ..... 510
Exhaust, Back pressure of turbine ..... 339
Expansion joints ..... 48
Expansion of steam pipes ..... 115
Explosion of boiler when ship sinks ..... 339

## F

Failure of boiler feed ..... 48
Failure of Diesel engine to ignite ..... 395
Feed, Failure of boiler ..... 48
Feed pump troubles ..... 228
Feed pumps, vertical vs. horizontal ..... 285

Original from UNIVERSITY OF MICHIGAN

Feed water, Soluble matter in ..... 229
Finger plate on a turbine, Operation of ... 566
Fire pump capacity ..... 115
Firetube vs. watertube boilers ..... 339
Firing an oil-fired boiler ..... 683
Fittings attached to surface condenser..... 284
Fittings, Condenser ..... 567
Fittings, Donkey boiler ..... 396
Flanged union in oil line, Packing for ..... 454
Flare-back ..... 173
Flaring and beading ..... 454
Flash point of oil .....47, 684
Floating frame of Westinghouse reduction gear ..... 619
Formula for horsepower of turbine ..... 115
Formulas for torsional stress to non-circular beams and shafts, Application of ..... 397
Fuel oil, Advantages of ..... 395
Fuel oil, Diesel ..... 453
Fuel oil in Diesel engines, Burning boiler .. 453
Fuel oil, Precautions when using ..... 115
Fuel oil, Temperature correction in measuring 172
Function of engine compression ..... 284
Function of slide valve ..... 115
Furnace, Material for corrugated ..... 454
Furnace, Unburned carbon in oil-fired ..... 339
Furnaces, Corrugated ..... 510
Fusible plugs ..... 285

## G

Gage, Plugged water ..... 228
Gage, Use of the vacuum ..... 284
Galvanic action in a condenser ..... 453
Galvanic action in condensers, Preventing ... 338
Gap in Diesel engine piston rings ..... 230
Gear, Important considerations in adjusting valve ..... 453
Gear, Lifting ..... 683
Gears and casings in turbine installation, Reassembling ..... 619
Gears, Dismantling a set of ..... 566
Gears, Lubrication of turbine ..... 228
Gears, Operation of reduction ..... 114
Generator, Starting a direct current ..... 285
Generator, Three-wire ..... 511
Gland oil for ice machine ..... 172
Glands, Tightness of stuffing box ..... 48
Glucinum ..... 341
Governor, Duty of a ..... 229
Governor on turbine circulator ..... 618
Governor required, Why is a ..... 618
Guide bars ..... 338

## H

Hall carbonic anhydride $CO_2$ refrigerating machine ..... 172
Hatch davit, Design of ..... *49
Heating bearing box for re-babbitting ..... 47
Heating surface of a Scotch boiler ..... 48
High furnace temperature aids combustion.. 395
High pressure cylinder, Knock in ..... 285
Horizontal duplex steam pump ..... 114
Horsepower of tug boat ..... *174
Horsepower of turbine, Formula for ..... 115
Horsepower required ..... 684
Hot bearing ..... 114
How to change lead of valve ..... 339
How to shut down a constant speed motor.. 338
How to start a constant speed motor ..... 338
Hull forms, Method for comparing driving efficiencies of different ..... 286

## I

Important considerations in adjusting valve gear ..... 453
Important points in construction of a Diesel engine ..... 48
Indicator, Care in handling an ..... 453
Indicator, Uses of the ..... 453
Indicator springs ..... 339
Injection, Solid .....229, 395
Inspection of a boiler, Internal ..... 228
Insulating materials for uptakes ..... 48
Internal inspection of a boiler ..... 228

## J

Joints, Expansion ..... 48

## K

Kingsbury thrust bearing ..... 618
Knock in high pressure cylinder ..... 285

## L

Lap, Exhaust and steam ..... 284
Laying up a boiler ..... 339
Laying up marine machinery ..... 339
Lead of valve, How to change ..... 339
Lead, Purpose of valve ..... 284
License, Qualifications for officer's ..... 455
Lift of pump valve ..... 229
Lifting gear ..... 683
Lighting an oil burner in a cold boiler ..... 47
Low water in a boiler ..... 683
Lubricating oil for engines, Amount of ..... 115
Lubricating oil losses ..... *340
Lubricating oils ..... 229
Lubricants, Diesel engine cylinder ..... 47
Lubricating system ..... 684
Lubrication of turbine gears ..... 228
Lubrication, Turbine ..... 567

## M

Machine efficiency ..... 173
Machinery, Laying up marine ..... 339
Margins in ship design ..... 286
Material for corrugated furnace ..... 454
Meters, Inaccuracy of ..... 683
Method for comparing driving efficiencies of different hull forms ..... 286
Mill scale from structural steel, Removing.. 340
Motor, How to start a constant speed ..... 338
Motor, How to shut down a constant speed .. 338

## N

Nozzles in turbine operation, Use of the.... 567

## O

Object of the eccentric ..... 338
Officer's license, Qualifications for ..... 455
Oil burner, Lighting in a cold boiler ..... 47
Oil engines, Efficiency of ..... 567
Oil for ice machine, Gland ..... 172
Oil, Flash point of .....47, 684
Oil line, Packing for flanged union in ..... 454
Oil losses, Lubricating ..... *340
Oil, Temperature correction in measuring fuel ..... 172
Oils, Lubricating ..... 229
Operation of finger plate on a turbine ..... 566
Operation of thrust bearings ..... 510

## P

Packing for flanged union in oil line ..... 454
Packing in turbines, Carbon ..... 511
Pipes, Expansion of steam ..... 115
Piston, Dummy ..... 619
Piston, Effective pressure on ..... 454
Piston pin, Seized ..... 115
Piston pressure, Average net ..... 114
Piston ring, Clearance of solid ..... 228
Piston rings, Gap in Diesel engine ..... 230
Piston speed, Engine ..... 284
Piston speed of pump ..... 395
Pistons, Area of pump ..... 284
Pistons, Seized ..... 115
Pitch of propeller ..... 566
Pitch of rivets ..... 173
Pitting, Effect of boiler ..... 228
Plugged water gage ..... 228
Plugs, Fusible ..... 285
Polarities of dynamo, Cause of jumping .... 340
Power of engine vs. speed ..... 339
Power required for propelling tugs ..... *512
Precautions necessary when using fuel oil ... 115
Precautions to be observed in operating air compressors ..... 567
Pressure of boiler, Bursting ..... 510
Pressure on piston, Effective ..... 454
Preventing galvanic action in condensers .. 338
Problem in trigonometry, A. ..... *685
Procedure in starting a Diesel engine ..... 396
Propeller, Dimensions of ..... 230
Propeller, Pitch of ..... 566
Propeller, Removing a ..... 566
Propeller shaft, Breaking of ..... 396
Propeller, Thrust delivered by ..... 455
Propeller vibration ..... 454
Propelling force, Ship's ..... 455
Propelling tugs, Power required for ..... *512
Propulsion problem, A ..... 395
Pump, Capacity of fire ..... 115
Pump, Duplex ..... 339
Pump, Horizontal duplex steam ..... 114
Pump, Piston speed of ..... 395
Pump pistons, Area of ..... 284
Pump, Speed of ..... 339
Pump troubles, Feed ..... 228
Pump valve, Lift of ..... 229
Pumps, vertical vs. horizontal feed ..... 285
Purpose of valve lead ..... 284

## Q

Qualifications for officer's license ..... 455

## R

Raising steam ..... 115
Reassembling gears and casings in turbine installation ..... 619
Re-babbiting bearings ..... 228
Re-babbitting, Heating bearing box for..... 47
Reduction gear, Duty of the ..... 619
Reduction gear, Floating frame of Westinghouse ..... 619
Reduction gear operation ..... 114
Reduction gear safety precautions ..... 511
Refractories ..... 115
Refrigerating machine, Causes of trouble in.. 172
Refrigerating machine, $CO_2$ ..... 172
Refrigerating plant, Spare parts for ..... 172
Regulating condenser temperatures ..... 284
Regulating the cut-off ..... 114
Relative merits of crank-case and separate pump scavenging for Diesel engines .... 512
Removing a propeller ..... 566
Removing mill scale from structural steel... 340
Repairing grooved crank shaft ..... 47
River boat, Draft of ..... *568
Rivets, Pitch of ..... 173
Rudders, Balsa wood filling in cruiser ..... 455

## S

Safety precautions in the operation of reduction gears ..... 511
Safety valve, Effect of steam pressure on size of ..... 47
Safety valves, Types of ..... 115
Safety valves, Area of ..... 172
Scavenging for Diesel engines, Relative merits of crank-case and separate pump .... 512
Scored cylinders ..... 684
Scotch boiler, Heating surface of a ..... 48
Scotch boilers, Steam space in ..... 453
Seized piston pin ..... 115
Seized pistons ..... 115
Separator, Air ..... 619
Setting of valve ..... 114
Setting up cylinder stud nuts ..... 114
Shafting, Efficiency of ..... 229
Ship design, Margins in ..... 286
Ship's propelling force ..... 455
Short circuits, Detecting ..... 114
Shoulders in a cylinder ..... 683
Size of boiler tubes ..... 395
Size of engine ..... 338
Slide valve, Design of the ..... 284
Slide valve, Direct vs. indirect ..... 338
Slide valve, Double ported ..... 338
Slide valve, The ..... 511
Solid injection .....229, 395
Soluble matter in feed water ..... 229
Speed of pump ..... 339
Speed vs. power of engine ..... 339
Spray nozzle, Carbon in ..... 510
Springs, Indicator ..... 339
Squat of vessel at varying speeds ..... *174
Stages of an air ejector ..... 618
Starting a Diesel engine, Procedure in ..... 396
Starting Diesel engines ..... 454
Starting a direct current generator ..... 285
Steam jacketed cylinders ..... 338
Steam pressures for turbines ..... 566
Steam, Raising ..... 115
Steam space in Scotch boilers ..... 453
Steam turbine, Economy of ..... 339
Steel, Removing mill scale from structural .. 340
Stripping of turbine blades ..... 510
Structural steel, Removing mill scale from.. 340
Stuffing box glands, Tightness of ..... 48
Surface condenser, Fittings attached to .... 284
Survey, Duties of engineer during ..... 285

## T

Tank, Capacity of cylindrical ..... 114
Tanker design, Criticism of a ..... 620
Tanks, Surface area of irregular ..... 116
Taper bolts ..... 47
Temperature correction in measuring fuel oil 172
Things for which the engineer is responsible 284
Three-cylinder compound engine ..... 338
Throw of an eccentric ..... 114
Thrust bearing, Kingsbury ..... 618
Thrust bearings, Operation of ..... 510
Thrust delivered by propeller ..... 455
Tide or current on waves, Effect of ..... 116
Tightness of stuffing box glands ..... 48
Tip clearance ..... 567
Torsional stress to non-circular beams and shafts, Application of formulas for ..... 397
Towboat, Evaporation and steam consumption on stern-wheel ..... 510
Trigonometry, A problem in ..... *685
Triple expansion engine, Advantages of the. 285
Tubes, Effect of grease on condenser ..... 173
Tubes, End play for condenser ..... 285
Tubes, Size of boiler ..... 395
Tug boat, Horsepower of ..... *174
Tugs, Power required for propelling ..... *512
Turbine and gear, Flexible coupling between 618
Turbine blades ..... 618
Turbine blades, Stripping of ..... 510
Turbine blading, Erosion of ..... 173
Turbine circulator, Governor on ..... 618
Turbine, Economy of steam ..... 339
Turbine efficiency ..... 510
Turbine exhaust, Back pressure of ..... 339
Turbine, Formula for horsepower of ..... 115
Turbine gears, Lubrication of ..... 228

Turbine installation, Reassembling gears and casings in ..... 619
Turbine lubrication ..... 567
Turbine, Operation of finger plate on a .... 566
Turbine operation, Use of the nozzles in .. 567
Turbines ..... 685
Turbines, Blade clearances in ..... 511
Turbines, Steam pressures for ..... 566
Types of safety valves ..... 115

## U

Unburned carbon in oil-fired furnace ..... 339
Uptakes, Insulating materials for ..... 48
Use of bilge blocks in dry docking tugs... 117
Use of scrap babbitt for re-babbitting ..... 47
Use of the nozzles in turbine operation .... 567
Use of the vacuum gage ..... 284
Uses of the indicator ..... 453

## V

Vacuum, Cause of low ..... 173
Vacuum, Causes of loss of ..... 511
Vacuum gage, Use of the ..... 284
Valve, Design of the slide ..... 284
Valve, Direct vs. indirect slide ..... 338
Valve, Double ported slide ..... 338
Valve, Function of slide ..... 115
Valve gear, Important considerations in adjusting ..... 453
Valve, How to change lead of ..... 339
Valve lead, Purpose of ..... 284
Valve, Lift of pump ..... 229
Valve setting ..... 114
Valve, Slide ..... 511
Valves, Area of safety ..... 172
Valves, Blow-off ..... 173
Valves, How to fit check ..... 396
Valves, Types of safety ..... 115
Vertical vs. horizontal feed pumps ..... 285
Vibration, Propeller ..... 454

## W

Water gage, Plugged ..... 228
Water hammer ..... 173
Water, Weight of ..... 338
Watertube boilers vs. firetube ..... 339
Waves, Effect of tide or current on ..... 116
Weight of water ..... 338
Welding a corroded boiler ..... 228
Westinghouse air compressor ..... 567
Westinghouse reduction gear, Floating frame of ..... 619
Why air should be kept out of boilers ..... 173
Why is a governor required? ..... 618
Will boilers explode when ship sinks? ..... 339
Wire drawing of steam ..... 48

## Z

Zincs, Boiler ..... 453

## TECHNICAL PUBLICATIONS

Condensed Catalogues of Mechanical Equipment ..... 231
Descriptive List of Some Empire Timbers .. 341
Die Kompressorlose Dieselmachine. Ludwig Hausfelder ..... 571
Diesel and Oil Engineering Handbook. Julius Rosbloom ..... 342
Diesel Engine Running and Maintenance. Philip H. Smith ..... 513
Diesel Engines for Land and Marine Work. By A. P. Chalkley ..... 118
Dieselmachinen. Professor Dr. Ing. J. Magg 571
Design of Merchant Ships and Cost Estimating. Alexander Kari ..... 570
Instructions as to the Survey of Passenger Steamships ..... 342
La Statica Della Nave. Scribanti ..... 571
Marine Borers and Their Relation to Marine Construction. C. L. Hill and C. A. Kofoid ..... 231
Marine Engineering in Theory and Practice. S. G. Wheeler ..... 341
Merchant Vessels of the United States ..... 232
Oil Engine Power Plant Handbook ..... 232
Profitable Appliance of Electric Industrial Trucks and Tractors in Industry ..... 287
Seagoing Vessels of the United States ..... 287
Seaways and sea trades. A. C. Hardy ..... 341
Shipbuilding and the shipbuilding industry. J. Mitchell ..... 175
Taschenbuch fur Schiffsingenieure und Seemachinisten. E. Ludwig ..... 623
The Causes of Failure of Wrought Iron Chains. H. J. Gough and A. J. Murphy 400
The Motorship Reference Book ..... 175
The Port of Hamburg. Dr. Ing. L. Wendemuth and Dipl. Ing. W. Böttcher ..... 400
The Running and Maintenance of the Marine Diesel Engine. By John Lamb ..... 118
The Technology Reports of the Tohoku Imperial University ..... 287
Three Figure Mathematical Tables. Henry Baker ..... 513
Yacht Racing: Aerodynamics of Sails and Racing Tactics. Dr. Manfred Curry .. 287
